CAREER PROFILE SUMMARY

Thank you for the opportunity to apply for this position. I describe myself as a hardworking, self-motivated and hardworking person. I am a flexible and adaptable individual ready to work both on a team level and individually as well.

During my studies, I learnt the importance of being disciplines and time conscious as well as team work. Outside of work I keep myself fit and active in activities that I find essential to my self-development.

The fact that I'm new to the working environment means I'm readily teachable and can easily adapt to your working ethic to become a highly productive member of your team.

EDUCATION BACKGROUND Diploma in Software Development: Institute of Software Technologies
Certificate in Software Development: Institute of Software Technologies

TECHNICAL SKILLS HTML and CSS

JavaScript
React.js
Node.js
SQL
Git

WORK EXPERIENCE Portfolio Website:

Built, coded and designed a fully responsive portfolio website to display recent projects in web development.

Water Meter Reader Website:

Successfully structure a website to calculate water readings and come up with an end calculation of costs and balances.

Business Website:

Successfully came up with an interactive and easy to use personal business website to enable my client's customers access products and prices.

INTERESTS AND HOBBIES Volunteering: I'm very keen in development and growth of my community and so I help out in community development projects and charity.

Reading books and articles: This is essential for my mental growth and ensures I'm very open-minded and alert in matters of all kinds.

Creating networks: making physical connections with people from all over ensures that I'm very resourceful and up to date with day-to-day topics.

Travelling: Visiting new place is a way of relaxation of the mind as well as a way to experience new cultures and listens to different thoughts which is crucial for self-development.

Playing team sports: This inserts a team effort mentality, which is key even in the working environment.
