## SUMMARY

I have 1.5 years of hands-on experience in software development, with strong skills in Laravel, MySQL, PHP, the MERN stack, HTML5, CSS3, Flutter, and Java. One of my most notable achievements is building GadgetSoko, an e-commerce platform that now serves more than 100 users and hosts over 100 products.

## EXPERIENCE

**ECCOMERCE WEBSITE**

Institute of Software Technologies Limited (IST)

**Jan 2025 - Dec 2025**

Developed an ecommerce platform (Gadgetsoko) using Laravel and MySQL, supporting 100+ registered users and 100+ products, with optimized queries that improved page load speed by up to 50%. Implemented secure authentication, full product management, and a scalable database structure capable of handling over 1,000 monthly transactions.
